

# Liberty NAGES Red

*In search of truly refreshing wines of pleasure, we've done away with the limitations of appellations and modern enology. These wines are organic, moderate in alcohol, fermented with native yeast, minimally sulfured and bottled as Vin de France for greater Liberty!*

*Perfectly ripened grapes are required to produce the soft texture of this delectable red wine. Unoaked, elegant and naturally easy drinking, it's perfect with Mediterranean cuisine, grilled meats and roasted chicken.*

**Terroir :** – Vin de France – Certified Organic & Regenerative Agriculture

**Varietals:** Grenache, Cinsault

**Vinification :**

- Certified organic wine by Bureau Veritas
- Harvest sorting with 100% destemming and no crushing and no addition of SO<sub>2</sub>
- Cold pre-fermentation maceration to maximize aromas and color
- Temperature controlled native yeast fermentation (20°C) with limited extraction
- Short maceration (5 days) in order to obtain a supple wine

**Tasting Notes :**

- *Appearance :* brilliant violet red
- *Nose :* a harvest of black currant and cherry
- *Taste :* tender and fruity, it finishes with silky tannins
